SUBJECT : Mil Spec Fuel Received at Midway

REFERENCES : 1. Memorandum dated 18 December 1961
(IDEA-0603), Subject: Mil Spec Fuel
for Detachment "H"
2. Memorandum dated 21 February 1962
(IDEA-0666), Subject: Same as above
reference
3. Memorandum dated 1 March 1962
(IDEA-0674), Subject: Same as above
reference

1. The last shipment of 173 drums of Mil Spec Fuel arrived at Midway without cap seals. This shipment is not acceptable and immediate replacement must be effected.

2. It is our policy that all fuel drums must have cap seals to provide protection from tampering and help prevent fuel contamination while enroute and in storage. All drums received without cap seals will be rejected.

3. Request confirmation that corrective action has been taken to insure that future shipment of fuel contain cap seals.
